Dear Mr. Watson:

From March 2, 2020 through March 5, 2020, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected Enable Gas Transmission, LLC's (Enable) Control Room Management Program and records in Houston, Texas. As a result of the inspection, Enable was issued a Notice of Amendment on November 3, 2020, which proposed amendment of your procedures.

Enable submitted its amended procedures on January 12, 2021. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
