Dear Mr. Stephenson:

From September 9, 2019 to September 13, 2019, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Cheniere Corpus Christi Pipeline (CCCPL) procedures for Operations and Maintenance, Emergency Plan, and Integrity Management Plan in Houston, Texas. As a result of the inspection CCCPL was issued a Notice of Amendment on January 8, 2020, which proposed amendment of your procedures.

CCCPL submitted its response with revised procedures on January 27, 2020. My staff reviewed the submitted procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
