Dear Mr. Kirkland:

On August 26 - 30, 2019, a representatives of the Office of Pipeline Safety (OPS), Southwest Region, pursuant to Chapter 601 of 49 United States Code, conducted a pipeline safety inspection of Cantium, LLC's for its facilities and records in Port Fourchon, Louisiana and the Gulf of Mexico. As a result of the inspection, Cantium was issued a Notice of Amendment on June 9, 2020, which proposed amendment of your procedures.

Cantium submitted its amended procedures on September 8, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Mary L. McDaniel, P.E.
Director, Southwest Region
Pipeline and Hazardous Materials Safety Administration
