RE: CPF 4-2021-058-NOA – Response to Notice of Amendment

Ms. McDaniel,

On November 01, 2021, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued a Notice of Amendment CPF 4-2021-058-NOA (NOA) to Midship Pipeline Company, LLC (Midship). This letter constitutes Midship's formal response to the NOA. Midship does not contest the NOA and has amended the relevant sections of ERP-PPL-6110, "*Section 24.2 Review after Emergency*" and "*Section 19.0 Isolation/Return to Service Procedures*" to reflect the changes PHMSA requested. A copy of the revised sections are provided in the attached Appendix.

Midship takes our commitment to pipeline safety very seriously and is dedicated to the safety and wellbeing of the communities in the areas where we operate. If you have any questions, or should require additional information, please do not hesitate to contact Paul Falgout at (713) 375-5855.

Respectfully,

Chris Williams
Vice President, Pipeline Operations
