Re: CPF 4-2022-013-NOA
Notice of Amendment

Dear Mrs. McDaniel:

Florida Gas Transmission (FGT or Company) is submitting the attached response to a Notice of Amendment (NOA) issued on February 10, 2022, by the Pipeline and Hazardous Materials Safety Administration (PHMSA). The NOA was received by FGT via electronic mail on February 10, 2022. The PHMSA NOA identified two (2) alleged inadequacies within FGT's plans or procedures. FGT is a subsidiary of Energy Transfer Company (ETC).

By way of background, this NOA was issued following an inspection of the FGT's procedures for operations and maintenance in Houston, Texas over the dates of March 9, 2020 through July 9, 2021.

Please note that this submission contains confidential business information and confidential security information that is protected from public disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. Should PHMSA receive a FOIA request for this information, the Agency is required to notify ETC and provide the Company with an adequate opportunity to substantiate its claim, prepare redactions, and/or object, if warranted.

FGT believes this submission will fully address all the NOA findings. The Company appreciates PHMSA's review and consideration of this submission and shares PHMSA's commitment to pipeline safety, public safety, and pipeline integrity. Should you have any questions or concerns please contact me at (713) 989-7126 or via email at todd.nardozzi@energytransfer.com.

Sincerely,

Todd Nardozzi
Director – Regulatory Compliance
