Re: CPF No. 5-2002-0008  

Dear Mr. Schneider:  

On October 30, 2003, the Pipeline and Hazardous Materials Safety Administration's (PHMSA's) Office of Pipeline Safety issued a Final Order to Venoco, Inc. in the above-referenced case. The Order assessed a civil penalty of $46,500 and specified actions to be taken to comply with the Federal pipeline safety regulations. The Order also required that Venoco, Inc. address the inadequacies in its procedures. Based on the recommendation of the Director, Western Region, PHMSA, it has been determined that Venoco, Inc. has paid the civil penalty, complied with the terms of that Order as well as addressed the inadequacies in its procedures. Accordingly, this case is now closed and no further enforcement action is contemplated with respect to the matters involved in this case.

Sincerely,
