Re: CPF No. 5-2003-5015

Dear Mr. McCormick:

On June 4, 2003, the Office of Pipeline Safety (OPS) issued to Rocky Mountain Pipeline System LLC a Notice of Probable Violation and Proposed Compliance Order (Notice). Based on a review of the documentation you have provided, it has been determined that you were not responsible for the assets in question at the time the events described in the Notice occurred. Accordingly, this case is being withdrawn and no further enforcement action is contemplated with respect to the matters involved in this case.

Sincerely,

Chris Hoidal
Director, Western Region
Office of Pipeline Safety
