Re: CPF No. 5-2009-0026W

Dear Mr. Hoidal:

We are in receipt of your warning letter dated November 9, 2009 and we have reviewed the public awareness regulation at 49 CFR 192.616(g) as it relates to requirements to include other languages commonly understood by a significant number and concentration of the non-English speaking population in our area of operations. As such we have made arrangements for our messages to be in both English and Spanish for our next pipeline right-of-way public awareness mailing.

Should you have any questions or require additional information you can reach Bob Marsalek at (805) 934-8223.

Sincerely,

David Rose
