Case Closure**

Dear Mr. Traeger:

On March 1, 2010, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Front Range Pipeline, LLC a Final Order in the above-referenced case. This Final Order included a Compliance Order which mandated the completion of a Close Interval Survey (CIS) of your Front Range Pipeline System. The data from that survey was received by you on December 20, 2013, and reviewed by my staff on February 20, 2014. Based on our review of the documentation, it has been determined that you have complied with the terms of this Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,
