Dear Mr. Bredin:

On May 23, 2011, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Enstar Natural Gas Company's (Enstar) and its subsidiary, Alaska Pipeline Company, Public Awareness Program procedures in Anchorage, Alaska. As a result of the inspection, Enstar was issued a Notice of Amendment on August 25, 2011, which proposed amendments to your procedures.

Enstar submitted its amended procedures on January 23, 2011. PHMSA has reviewed the amended procedures, and it appears that the inadequacies outlined in the Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dennis Hinnah
Deputy Director, Western Region
Pipeline and Hazardous Materials Safety Administration
