Case Closure**

Dear Mr. Guadagni:

On November 28 through 30, 2012, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Island Energy's (IE), City of Pittsburg, procedures and records for their anti-drug and alcohol misuse plans in Pittsburg and Mare Island, California. As a result of the inspection, Island Energy (IE), City of Pittsburg, was issued a Notice of Amendment on May 21, 2013, which proposed amendment of your procedures.

Island Energy (IE), City of Pittsburg, submitted its amended procedures on May 29, 2013 and, after further refinement, again on July 10, 2013. Our Substance Abuse/Misuse Director reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
