Dear Mr. Britton:

Between June 8, 2015 and September 11, 2015, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Fairbanks Natural Gas procedures in Fairbanks, Alaska. As a result of the inspection, Fairbanks Natural Gas was issued a Notice of Amendment on December 23, 2015, which proposed amendment of your procedures.

Fairbanks Natural Gas submitted its amended procedures by letter dated January 25, 2016. PHMSA staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed.

Sincerely,

For Chris Hoidal
Director, Western Region
