Case Closure**

Dear Mr. Porter:

Between August 11 and August 29, 2014, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), and Washington Utilities and Trade Commission (WUTC), pursuant to Chapter 601 of 49 United States Code, inspected your Olympic Pipe Line Co. (OPL) system in the States of Oregon and Washington. As a result of the inspection, OPL was issued a Final Order and Compliance Order on January 13, 2016. Based on our review of the documentation you provided and confirmation of the field inspection by PHMSA and WUTC inspectors, it has been determined that you have complied with the terms of this Order.

Accordingly, this case is now closed and no further action is contemplated with respect to the matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Dustin Hubbard
