**CPF 5-2015-5020S
Closure Letter**

Dear Mr. Brown:

I received your letter dated March 4, 2020 regarding the status of the items in the Remedial Work Plan. I understand that the pipe replacement project from Sidney, Montana to Minot, North Dakota was completed and successfully tied in to the active Cenex Products Pipeline in June 2020. As a result of this work, all items in the Remedial Work Plan have been completed and this case is now closed. Thank you for your efforts to complete these items to ensure the long-term integrity of the Cenex Products Pipeline.

Sincerely,

Dustin Hubbard
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
