**RE: Notice of Proposed Safety Order  
New CPF # 5-2016-6001S**

Dear Mr. Runyan:

The Pipeline and Hazardous Materials Safety Administration (PHMSA) issued the wrong CPF number, CPF # 5-2015-6006S, in the recent Notice of Proposed Safety Order (Notice) dated January 25, 2016. The Notice proposes that the Wyoming Pipeline Company must take certain measures with respect to the Wyoming Crude System in Niobrara and Weston Counties, Wyoming. In your correspondence on this matter, please refer to **CPF # 5-2016-6001S** and for each document you submit. Thank you for your understanding on this matter.

Please direct any questions on this matter to me at 720-963-3160.

Sincerely,

Chris Hoidal  
Director, Western Region  
Pipeline and Hazardous Materials Safety Administration
