Closure Letter**

Dear Mr. Cathriner:

On November 8-9, 2016, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Norgasco's procedures in Deadhorse, Alaska. As a result of the inspection, Norgasco was issued a Notice of Amendment on February 10, 2017 which proposed amendment of your procedures.

Norgasco submitted its amended procedures on April 3, 2017. PHMSA staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Acting Director, Western Region
Pipeline and Hazardous Materials Safety Administration
