**CPF 5-2017-0012M
Closure Letter**

Dear Mr. Guadagni:

On January 24 through 27, 2017, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of the Island Energy procedures for gas distribution system in Vallejo, California. As a result of the inspection, Island Energy was issued a Notice of Amendment on August 18, 2017, which proposed amendment of your procedures.

Island Energy submitted its amended procedures on September 8, 2017. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Kim West
Acting Director, Western Region
Pipeline and Hazardous Materials Safety Administration
