Closure Letter**

Dear Mr. Britton:

On March 13 through 15, 2017, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected your Titan Alaska LNG system facilities located in Wasilla, Alaska. As a result of the inspection, Titan was issued a Notice of Amendment on August 30, 2017 which proposed amendment of your procedures.

Titan submitted its amended procedures dated October 5, 2107. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin B. Hubbard  
Acting Director, Western Region  
Pipeline and Hazardous Materials Safety Administration
