Closure Letter**

Dear Mr. Rios:

On August 29 through September 2, 2016, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Bridger Logistics LLC's Swan Ranch procedures in Cheyenne, Wyoming. As a result of the inspection, Bridger Logistics LLC was issued a Notice of Amendment (NOA) on February 16, 2017, which proposed amendment of your procedures.

Bridger Logistics submitted its second amended procedures on March 31, 2017 in response to a clarification request. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

For
