Closure Letter**

Dear Mr. Sims:

On several occasions between May 22, 2017 and May 25, 2017, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected Alaska Pipeline Company (APL) procedures for Construction Welder Qualification in Anchorage, Alaska.

APL was issued a Notice of Amendment (Notice) on March 16, 2018 which proposed amendments of your procedures.

APL submitted its amended procedures dated April 4, 2018 which were received on April 13, 2018. My staff reviewed the amended procedures and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Kim West
Director, Western Region
