Closure Letter

Dear Mr. Walker:

From August 20th to 24th, 2018, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Anadarko Petroleum's Operator Qualification procedures in The Woodlands, Texas. As a result of the inspection, Anadarko Petroleum was issued a Notice of Amendment on December 31, 2018, which proposed amendment of your procedures.

Anadarko Petroleum submitted its amended procedures on January 21, 2019. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Chris Hoidal
Acting Director, Western Region
Pipeline and Hazardous Materials Safety Administration
