Closure Letter

Dear Mayor Lander:

On August 7 and 8, 2018, a representative of the California Public Utilities Commission (CPUC), on behalf of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, reviewed the City of Coalinga's (Coalinga) natural gas distribution system procedures for Operations and Maintenance (O&M). As a result of the inspection, Coalinga was issued a Notice of Amendment on March 18, 2019, which proposed amendment of your procedures.

The CPUC reviewed Coalinga's amended procedures during their recent inspection in June 2019, and on September 24, 2019 Coalinga submitted these revised procedures to PHMSA. It appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Region
