Mr. Dan Newton
Public Works Director

CPF 5-2019-0015M

Dear Mr. Newton:

On October 23 through 25, 2018, representatives of the California Public Utilities Commission on behalf of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of The City of Susanville (Susanville) procedures in Susanville, California. As a result of the inspection, Susanville was issued a Notice of Amendment on March 18, 2019, which proposed amendment of your procedures.

Susanville submitted its amended procedures on May 28, 2019. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Regions
