

VIA COURIER SUBMISSION

19 December 2019

U.S. Department of Transportation  
Pipeline and Hazardous Materials Safety Administration  
12300 W. Dakota Ave., Suite 110  
Lakewood, CO 80228

**To: Mr. Dustin Hubbard, Director, Western Region**

Dear Mr. Hubbard:

**Re: Trans Mountain Pipeline (Puget Sound) LLC  
Notice of Amendment  
CPF-5-2019-5012M**

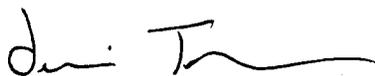

By way of this letter, Trans Mountain Pipeline (Puget Sound) LLC ("Trans Mountain"), as operated by Trans Mountain Canada Inc., confirms receipt on December 17, 2019 of the Notice of Amendment for the case number referenced above, sent by U.S. Department of Transportation on December 5, 2019.

Trans Mountain does not contest the Notice of Amendment and submits one (1) electronic copy of its revised Fatigue Management Standard. Section 4.2 of this Standard addresses the maximum limit of controller hours-of-service as required in § 195.466 of 49 Code of Federal Regulations 195 Transportation of Hazardous Liquids by Pipeline.

Trans Mountain requires the contact information for all future communication be updated to Michael Davies, Vice President Operations effective immediately. This update has been provided within the PHMSA Portal.

If you have any questions, please contact the undersigned.

Yours truly,

Jessica F. Tran  
Senior Regulatory Advisor
