Closure Letter**

Dear Mr. Pellicciotta:

On July 23, 2019, the Pipeline and Hazardous Materials Safety Administration (PHMSA) issued to Caelus Natural Resources Alaska, LLC (Caelus), the operator at that time of the Oooguruk diesel pipeline, a Final Order in the above-referenced case. This Order included a Compliance Order. Caelus had previously provided documentation to PHMSA showing that they completed the first action of the Compliance Order.

Eni US Operating Co., Inc. (Eni), as the current operator of the Oooguruk diesel pipeline, provided to PHMSA documentation of their June 2020 integrity assessments of the Oooguruk diesel pipeline, which was the second action of the Compliance Order. Based on our review of the documentation provided by Eni, PHMSA determined that Eni complied with the actions of the Compliance Order. Accordingly, this case is now closed and no further action is contemplated with respect to matters involved in this case. Thank you for your cooperation in this matter.

Sincerely,

Dustin Hubbard
Director, Western Region
