Closure Letter**

Dear Mr. Britton:

On May 6 through 10 and June 24 through 27, 2019, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected Fairbanks Natural Gas's (FNG) procedures in Fairbanks, Alaska. As a result of the inspection, FNG was issued a Notice of Amendment (NOA) on February 28, 2020.

FNG submitted its amended procedures on May 29 and August 19, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this NOA have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard  
Director, Western Region  
Pipeline and Hazardous Materials Safety Administration
