**CPF 5-2022-022-NOA
Closure Letter**

Dear Mr. Barley:

From March 1 through 5, 2021, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.), inspected the written procedures and records for the Scm Pr., LLC (SCM) control room located in Irving, Texas. As a result of the inspection, SCM was issued a Notice of Amendment on June 15, 2022, which proposed amendment of your procedures.

SCM submitted its amended procedures on July 7, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Region
