**CPF 5-2022-031-NOA
Closure Letter**

Dear Ms. Haines:

From April 26 to April 30, 2021, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected Alyeska Pipeline Service Company's (Alyeska) procedures for an integrated inspection of the Trans-Alaska Pipeline. As a result of the inspection, Alyeska was issued a Notice of Amendment on June 3, 2022, which proposed amendment of your procedures.

Alyeska submitted its amended procedures on July 29, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
