VIA E-MAIL TO MR. ROBERT DOWELL

September 27, 2022

Mr. Robert Dowell
Director
City of Long Beach Gas & Oil
2400 East Spring Street
Long Beach, CA 90806-2285

**CPF 5-2022-039-NOA
Closure Letter**

Dear Mr. Dowell:

On October 26 through 29, 2021, representatives of the California Public Utilities Commission (CPUC), on behalf of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected and reviewed the City of Long Beach Gas & Oil's (Long Beach) written procedures for operations and maintenance (O&M) of its natural gas pipeline distribution system in Long Beach, California. As a result of the inspection, Long Beach was issued a Notice of Amendment on June 16, 2022, which proposed amendment of your procedures.

Long Beach submitted its amended procedures on September 7, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Dustin Hubbard
Director, Western Region
Pipeline and Hazardous Materials Safety Administration
