Dear Mr. Barger:

From November 30 to December 2, 2010, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected the Dominion Transmission, Inc. (Dominion) Public Awareness Program in Clarksburg, West Virginia. As a result of the inspection, Dominion was issued a Notice of Amendment on April 15, 2013, which proposed amendment of your procedures.

Dominion submitted its amended procedures on May 13, 2013. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Byron Coy, PE
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
