Springfield, MA 01104

CPF 1-2020-3002M

Dear Mr. Judge:

From May 7 - May 9, 2019, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Hopkinton LNG Co.'s (Hopkinton LNG) Liquefier Project in Hopkinton, Massachusetts. As a result of the inspection, Hopkinton LNG was issued a Notice of Amendment on June 16, 2020, which proposed amendment of your procedures.

Hopkinton LNG submitted its amended procedures on or around June 26, 2020. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration

CC: Miguel Rodriguez, Manager LNG Operations (via email)
