Mr. Duane Bowers
Vice President
Teavee Oil & Gas Inc.
PO Box 27
Winfield, WV 25213

CPF 1-2021-008-NOA

Dear Mr Bowers:

From March 31, 2020 through June 2, 2020, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected Teavee Oil & Gas Inc's (Teavee) procedures for the underground natural gas storage facility in Hurricane, West Virginia. As a result of the inspection, Teavee was issued a Notice of Amendment on April 6, 2021, which proposed amendment of your procedures.

Teavee submitted its amended procedures on May 27, 2021. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
