CPF 1-2021-025-NOA

Dear Linn Evans:

From June 23 to June 25, 2020, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an underground natural gas storage inspection of Rocky Mountain Natural Gas LLC's (RMNG) procedures in Pitkin County, Colorado. As a result of the inspection, RMNG was issued a Notice of Amendment on May 6, 2021, which proposed amendment of your procedures.

RMNG submitted its amended procedures on July 15, 2021. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
