Dear Mr. Sailor:

From June 14, 2021 to June 18, 2021, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected Enable Mississippi River Transmission, LLC's (Enable) procedures and records for Enable's underground storage construction activities in Saint Jacobs, Illinois.

Enable submitted its amended procedures on January 4, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
