Dear Mr. Ramsey:

From June 15, 2021 through June 17, 2021 and on June 24, 2021, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an underground natural gas storage inspection of Trunkline Gas Company's (TGC) procedures in West Carroll County, Louisiana. As a result of the inspection, TGC was issued a Notice of Amendment on January 21, 2022, which proposed amendment of your procedures.

TGC submitted its amended procedures on February 24, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
