Mr. Carlin Conner
President and Chief Executive Officer
IMTT-Pipeline
400 Poydras Street, Suite 3000
New Orleans, Louisiana 70130

CPF 1-2022-015-NOA

Dear Mr. Connor:

From May 10, 2021 through May 24, 2021, a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code inspected procedures utilized by IMTT-Bayonne and IMTT-Pipeline (IMTT) as part of a PHMSA integrated inspection. As a result of the inspection, IMTT was issued a Notice of Amendment (NOA) on March 15, 2022, which proposed amendment of your procedures. IMTT requested a time-extension of 60-days on April 14, 2022. On April 21, 2022, PHMSA granted the time extension letter. IMTT submitted the remainder of its amended procedures on June 13, 2022. On August 4, 2022, PHMSA addressed additional concerns with IMTT regarding the inadequacies identified in the amended procedures. IMTT re-submitted its amended procedures from September 26, 2022 through November 10, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
