Dear Mr. West:

From October 13, 2020, through July 15, 2020, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Equitrans Midstream Corporation's (ETRN) procedures for the Tepe, Finleyville, and Webster Underground Storage Fields in Pennsylvania. As a result of the inspection, ETRN was issued a Notice of Amendment on March 15, 2022, which proposed amendment of your procedures.

ETRN submitted its amended procedures on April 14, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
