Dear Mr. Saugier:

From July 13 through July 16, 2021, and August 10 through August 11, 2021, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, inspected Hilcorp Alaska, LLC's (Hilcorp) procedures for the operation of Kenai, Swanson River, and Pretty Creek Gas Storage fields in Kenai Peninsula and Matanuska Susitna counties, Alaska. As a result of the inspection, Hilcorp was issued a Notice of Amendment on April 14, 2022, which proposed amendment of your procedures.

Hilcorp submitted its amended procedures on May 13, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough  
Director, Eastern Region  
Pipeline and Hazardous Materials Safety Administration
