Dear Mr. Norton:

From August 31, 2021 through September 3, 2021, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected ONEOK Texas Gas Storage LLC's (ONEOK) procedures for its Underground Natural Gas Facility (UNGFSF) Program in Gaines County, Texas. As a result of the inspection, ONEOK was issued a Notice of Amendment on April 21, 2022, which proposed amendment of your procedures.

ONEOK submitted its amended procedures on May 19, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
