Dear Mr. Wortman:

From August 9, 2021, through August 13, 2021, representatives from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted a pipeline safety inspection of Kiantone Pipeline Corp's (Kiantone) procedures for control room management for its West Seneca, New York control room. As a result of the inspection, Kiantone was issued a Notice of Amendment on November 3, 2022, which proposed amendment of your procedures.

Kiantone submitted its amended procedures on December 12, 2022. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
