Dear Mr. Hinton:

From September 27, 2021 through September 30, 2021, the Illinois Department of Natural Resources, Office of Oil and Gas Resource Management (IDNR), acting as a representative of the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected Peoples Gas Light and Coke Co's (PGL) procedures for the Manlove Underground Gas Storage Facility located in Champaign County, Illinois. As a result of the inspection, PGL was issued a Notice of Amendment on January 12, 2023, which proposed amendment of your procedures.

PGL submitted its amended procedures on February 9, 2023. PHMSA issued a Request for Further Amendment on March 16, 2023, and PGL submitted its further amended procedures on April 13, 2023. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
