Dear Ms. Bingham:

From April 6, 2022, to May 16, 2022, an inspector from the Virginia State Corporation Commission, Division of Pipeline Safety (VA SCC), acting as Agent for the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected the City of Richmond's (City) procedures and records. As a result of the inspection, the City was issued a Notice of Amendment on May 25, 2023 requiring the City to amend certain aspects of its procedures.

The city submitted its amended procedures on July 27, 2023. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

P.P.

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
