Dear Mr. McKenna:

From September 26, 2022, to September 30, 2022, an inspector from California Geologic Energy Management Division (CalGEM), acting as an agent for the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code (U.S.C.) inspected Lodi Gas Storage LLC's procedures for the Kirby Hills Storage and Lodi Storage depleted hydrocarbon Underground Natural Gas Storage Facilities (UNGSF) in Solano County and San Joaquin County California, respectively. As a result of the inspection, Lodi Gas Storage LLC was issued a Notice of Amendment on June 15, 2023.

Lodi Gas Storage LLC submitted its amended procedures on July 14, 2023. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

P.P.

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
