Houston, Texas 77002

CPF 1-2023-060-NOA

Dear Ms. Faraca:

From March 14, 2023 to March 16, 2023, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of North Baja Pipeline, LLC's (North Baja) procedures in Charleston, WV. As a result of the inspection, North Baha was issued a Notice of Amendment on November 9, 2023, which proposed amendment of your procedures.

TC Energy, on behalf of its subsidiary, North Baja Pipeline, LLC, submitted its amended procedures on December 5, 2023. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

P.P

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
