Dear Mr. Fedena:

From February 28 to March 2, 2023, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to Chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Delaware Pipeline Company LLC's (DPC) procedures in Delaware City, Delaware. As a result of the inspection, DPC was issued a Notice of Amendment on December 26, 2023, which proposed amendment of your procedures.

DPC submitted its amended procedures on January 25, 2024, and February 6, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
