Dear Mr. Lucey:

From July 25, 2022 to July 29, 2022, representatives of the Pipeline and Hazardous Materials Safety Administration (PHMSA) pursuant to Chapter 601 of 49 United States Code (U.S.C.) conducted an on-site inspection of Toledo Refining Company, LLC's (TRC) procedures and records for control room management of its Woodville Pipeline Control Room in Toledo, Ohio. As a result of the inspection, TRC was issued a Notice of Amendment on February 15, 2024, which proposed amendment of your procedures.

TRC submitted its amended procedures on March 13, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
