Dear Mr. Hesselbach:

On July 11, 2023 through July 13, 2023, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of Bluewater Gas Storage, LLC's (Bluewater Gas Storage) procedures in St. Clair Co., Michigan. As a result of the inspection, Bluewater Gas Storage was issued a Notice of Amendment on March 19, 2024, which proposed amendment of your procedures.

Bluewater Gas Storage submitted its amended procedures on April 16, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

P.P.

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
