RE: CPF 1-2024-019-NOA – NOTICE OF AMENDMENT – TC ENERGY RESPONSE

Mr. Burrough,

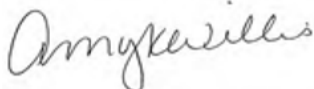

On March 19, 2024 TC Energy, on behalf of its subsidiary, ANR Pipeline Company, received CPF 1- 2024-019-NOA – Notice of Amendment (Notice). TC Energy has reviewed the Notice and is providing the following response:

The TC Energy Manual *TC Energy Public Awareness Program (US)* was revised to remove information and statements that the National Pipeline Mapping System (NPMS) public viewer includes line size (diameter) attribute.

This standard will be published in the TC Energy Controlled Document Library on April 19, 2024, and available all TC Energy employees. By taking these actions, TC Energy contends the requirements of the Notice have been satisfied and requests closure of this Notice.

Should you wish to discuss, please contact me at (832) 320-5031.

Respectfully,
