Dear Mr. Bell:

From October, 23, 2023, to October 27, 2023, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, inspected Citizens' Gas Util Dist. (Citizens) procedures for Indian Creek Underground Natural Gas Storage in Morgan County, Tennessee. As a result of the inspection, Citizens was issued a Notice of Amendment on April 30, 2024, which proposed amendment of your procedures.

Citizens submitted its amended procedures on June 12, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough
Director, Eastern Region
Pipeline and Hazardous Materials Safety Administration
