Dear Mr. Kyle Rhoades:

From October 3, 2023 to October 5, 2023 and from October 31, 2023 to November 2, 2023, a representative from the Pipeline and Hazardous Materials Safety Administration (PHMSA), pursuant to chapter 601 of 49 United States Code, conducted an on-site pipeline safety inspection of RH Energytrans, LLC's (RH Energytrans) procedures in Erie, Pennsylvania. As a result of the inspection, RH Energytrans was issued a Notice of Amendment on August 12, 2024, which proposed amendment of your procedures.

RH Energytrans submitted its amended procedures on September 4, 2024. My staff reviewed the amended procedures, and it appears that the inadequacies outlined in this Notice of Amendment have been corrected.

This letter is to inform you no further action is necessary and this case is now closed. Thank you for your cooperation.

Sincerely,

Robert Burrough  
Director, Eastern Region  
Pipeline and Hazardous Materials Safety Administration
